

3.9 Blood Doping

1) What is blood doping?

2) What does it have to do with the respiratory system?

3) Why do you think WADA banned blood doping from all sports?

4) Why do you think Lance Armstrong started blood doping? Why do other people use blood doping?

5) How did Lance get away with it for so long?

6) Who else was responsible for Lance's cheating? Of those people, who do you think was most to blame?

7) How do you know when it is ok to bend/break the rules in a sport, and when it isn't?
